# **AGRICULTURAL FAIRS AND EXHIBITIONS**

---

Discover the excitement and fun of Agricultural Fairs throughout Ontario. These popular fairs have been in existence since 1792 when the Governor of Upper Canada, John Graves Simcoe, was a patron of the first fair at Niagara-on-the-Lake. Since the beginning, over 190 years ago, fall fairs, as they are widely known, have flourished, with over 230 going strong, and getting stronger. The Agricultural Societies behind these fairs draw most of their strength from the rural population. Competing against their neighbors is a big part of a Fall Fair.

Agricultural fairs and exhibitions attract people from miles around. They also appeal to those who have left the farm and want to return to see the Fair. They attract others who have never seen a farm — people who bring their children to the showing of light and heavy horses, dairy and beef cattle, swine, sheep and poultry and to watch the judging.

Most fairs have midways for the younger visitors and there is often entertainment by local talent, as well as some professional shows. The various exhibits and classes in sewing, quilts, arts and crafts, home baking, flowers, fruit and vegetables round out a visit to any of the agricultural fairs.

The following list shows some of the highlights of each of the Fairs. Larger fairs are in larger type. While some have already started, the majority of agricultural fairs are held from mid-August to mid-October. They vary in duration from one day for smaller fairs to the Canadian National Exhibition of 20 days.

## QUILT COMPETITION

---

A highlight of many fairs is the quilt competition. Thousands of hours of work go into the many entries of this popular feature. In recognition of a traditional and continuing Canadian craft, Canada Packers Inc. have founded the Canada Packers Inc. Quilt Competition.

The Canada Packers Inc. are interested in adding to this collection and are again sponsoring a quilt competition, in co-operation with the Ontario Association of Agriculture Societies. Details of this quilt competition can be obtained from Secretaries of Agriculture Societies.

**S**TEP INTO ONTARIO'S RURAL PAST at the Ontario Agricultural Museum. This living Museum of over 30 buildings and displays features daily demonstrations of spinning, wheelwrighting, blacksmithing and farming activities. Special events are featured throughout the season. More than a Museum and more than a farm, the Ontario Agricultural Museum traces the evolution of agriculture in Ontario.

The Ontario Agricultural Museum nestles on a 32 hectare (80 acre) site at the base of the Niagara escarpment. It is open seven days a week, 10 a.m. to 5 p.m., from May 13 to October 14.

An ideal outing for the whole family, the Museum welcomes reservations for group and school visits as well as family picnics. Exit at Highway 25 from Highway 401, located on Tremaine Road (Townline) near Milton, Ontario.

For further information regarding the Ontario Agricultural Museum contact:
